Diane,

Thomas sent this to help with discussion for today's meeting and to make sure his team is proceeding on the correct path.

If you have time, can you review this prior to the meeting?

Thank you,

Justin:

Please find the attached that the FFS team has put together for review. Sorry for the short notice. This is an initial cut to facilitate discussion for tomorrow and not thoroughly vetted for all aspects of potential benefits and drawbacks/issues. We wanted to get a sense for some direction from EPA for the August 17 meeting so that we are not off track when preparing material for the meeting. We can go through during the call tomorrow of our initial thoughts and engage both USACE and EPA in discussions. If you think it is appropriate, please forward to EPA. I will reach out to you in the AM before the call. Thanks
